TO INVESTIGATE STABBING AFFRAY

One Italian Dead, Another Badly Injured and Officer Is Wounded.

(Special to The Herald-Republican.)
Ogden, Sept. 6.—Dominick Virgil, an Italian, is so dangerously cut that there is but little chance for his recovery, and City Detective Wardlaw and Charles Pincock immediately started an investigation. Mike Eideall was found lying on the ground with blood flowing from cuts all over his body. One of the wounds on the left side of the face was six inches long, lying open the flesh so that the teeth can be plainly seen. Another gash was found on the left side of the abdomen several inches long, and another on the right side. While waiting for the patrol wagon to carry the injured man to the station for surgical attention Detective Pincock was called to the Union depot to answer another call.

Officer Is Shot.

Detective Wardlaw waited in a dark place for the man who had been seen with the wounded man to make their appearance, as the officer surmised that they intended to return to their lair nearby to get their belongings. In a few seconds both of the men suddenly stepped from the shadows. One of the men ran away, but Virgil made a vicious lunge for the officer. The two men closed and fought for several minutes, both rolling about on the ground.

Officer Fires.

Officer Wardlaw, after firing a shot in the air for assistance, fired twice at the fleeing man. The patrol wagon arrived and the wounded Italian and the officer were taken to the police station. An hour afterwards officers in search for the Italians stumbled over the dead body of Virgil, who had fallen after Wardlaw fired the last shot.

At the police station Dr. Alfred A. Robinson and City Physician W. J. Brownling were called to direct the removal of the wounded man. Before the chloroform was administered to Eideall he told the officers that Virgil and another Italian Louis Fowler, were the men who cut him.

It developed that the fight between the Italians occurred on lower Thirtieth street and that Eideall made his way to Twenty-fifth street after he had been so severely stabbed. The doctors can hardly understand how the man could have made that distance in his condition.

The body of Virgil was taken to the morgue at Larkin's undertaking establishment, where it will be held, pending the coroner's inquest, which is set for tomorrow. Sheriff Wilson this afternoon summoned the following jury to investigate the killing: Fred Douglass, A. W. Rankin, E. M. Allison, Sr.

INSPECTOR REPORTS SUCCESSFUL PLANTING

(Special to The Herald-Republican.)
Ogden, Sept. 6.—James M. Featheroff, planting inspector of forest service district No. 4, has returned to Ogden after an inspection trip to the Wasatch nursery. He reports that the results of broadcast sowing of seeds, only in part, and field planting of different species, on the tracts best suited to each method, have been successful. The seeds, which were attributed to the frequent storms during this month. He also says the nursery has never been in such excellent condition.

A conservative inventory of the stock on hand at this time shows that there are 2,122,000 one-year seedlings, 33,700 two-year seedlings, and 291,352 transplants—a total of 2,487,052 plants. Of these, 163,300 are ready for the forest, and 1,323,752 are in the nursery. Plans for the disposal of this stock have been drawn up.

FOREST SERVICE LINKS WILDERNESS WITH TOWN

(Special to The Herald-Republican.)
Ogden, Sept. 6.—A. T. Mitchellson, engineer of the forest service, will leave for the Coche forest in northern Utah early tomorrow morning. His trip will be extended to the Teton forest in Idaho and Lemhi forests in Idaho, taking up the major portion of two months' time. Mr. Mitchellson says his department is more interested and occupied in the establishment of more and better roads and telephone lines in the forests than any other part of the service.

One of the advantages of Grape-Nuts food is that it is pre-digested in the process of manufacture. The starch contained in the wheat and barley is transformed into grape-sugar by exactly the same method as this process is carried on in the human body, that is, by the use of moisture and long exposure to moderate warmth. This grows the distaste in the grains, then long baking completes the remarkable change from starch to grape-sugar.

Therefore, the most delicate stomach can handle Grape-Nuts and the food is quickly absorbed into the blood and tissue—certain parts of it going directly to build and nourish the brain and nerve centers.

"There's a Reason"

NEW MOTOR CARS ARRIVE

Additional Gasoline Equipment for Passenger Service on Harriman Lines in Western States.

(Special to The Herald-Republican.)
Ogden, Sept. 6.—Three handsome new gasoline motor cars from the McKean shops at Omaha arrived over the Union Pacific Saturday night and, after a thorough inspection in the local Harriman shops yesterday, two of the motor cars were sent on to Sacramento this morning over the Southern Pacific, and the third was retained at Ogden by the Oregon Short Line management for service on that system.

The cars were in charge of U. L. Stanger, general salesman and demonstrator of the McKean Motor Car company of Omaha.

BOY GAMBLERS COMPLAIN

Ogden Chief of Police Notifies Proprietors of Chance Resorts That Minors Must Be Barred.

(Special to The Herald-Republican.)
Ogden, Sept. 6.—Friday three young men, under 21 years of age, giving their names as Dixon, Barnett and Lloyd, approached Mayor Brewer and advised him that they had lost money at the J. P. Smith & Co. and the Hunt gambling houses in the city. The mayor would do nothing for them. The boys then went to an attorney, who accompanied them into the presence of the mayor and advised the mayor that it might be well for him to give the boys a hearing. The mayor referred them to the chief of police.

The chief immediately summoned the proprietors of the gambling houses before him. The boys and the proprietors were taken through a severe questioning and, before it was over, the chief advised the proprietors that if they did not see to it that minors were kept away from the gaming places he surely would put a stop to their business affairs.

The attorney states that a settlement was taken through a severe questioning and, before it was over, the chief advised the proprietors that if they did not see to it that minors were kept away from the gaming places he surely would put a stop to their business affairs.

Chief Browning states that he knows nothing of a settlement between the parties and that he knows nothing of a settlement between the parties and that he knows nothing of a settlement between the parties.

CASES IN PROBATE COURT.

List of Decisions Regarding Estates Passed by Weber County Judge.

(Special to The Herald-Republican.)
Ogden, Sept. 6.—The following cases have been passed upon in the probate division of the district court:
Estate of James H. Hamblin, deceased; petition for appointment of guardian ad litem.
Estate of James H. Hamblin, deceased; petition for appointment of guardian ad litem.
Estate of James H. Hamblin, deceased; petition for appointment of guardian ad litem.

POWER COMPANY TO BE BLAMED

Suit to Be Started for Injuries Received by Idaho Farmer.

(Special to The Herald-Republican.)
Payette, Ida., Sept. 6.—Within a few days the law firm of Haynes & Garver of this city expects to institute a suit in the district court against the Idaho-Oregon Light & Power company for \$10,000 personal damages sustained by Fred Mabus, the farmer who was horribly maimed by an electric shock received from the transmission wire of the electric company down the Payette valley from the company's Horsehoe Bend power house.

The accident occurred on June 24, when Mr. Mabus was engaged in moving a hay derrick at his place on the bench south of Payette. As the derrick approached the electric wire he saw that the wire was too low to permit the derrick to pass beneath without coming in contact with it. When he stopped his team he grabbed the derrick cable to prevent it touching the wire. The cable was so charged with electricity that the shock struck him to the ground.

LEHI BREVITIES.

(Special to The Herald-Republican.)
Lehi, Sept. 6.—Professor and Mrs. J. C. Banks, who have resided in Lehi for the past three years, where Mr. Banks has been engaged in the Lehi High school, have moved to Pleasant Grove. Mr. Banks will make a valuable addition to the Pleasant Grove High school faculty.

Frank Kidderman, who has been clerk in the Merrill drug store for two years, has severed his connection with the store to take up assaying in Salt Lake.

Miss Vera Cutler, a daughter of Thomas R. Cutler of Salt Lake, is visiting with Mrs. John Y. Smith.

Thomas Kirkham is building a \$3,000 bungalow, the second of its kind to be erected in Lehi.

A grand primary concert will be given in the city pavilion Wednesday evening.

BANNER CROPS OF SUGAR BEETS

Big Preparations Being Made at the Sugar Factory at Lehi Now.

(Special to The Herald-Republican.)
Lehi, Sept. 6.—Extensive preparations are being made in and around the Lehi sugar factory, prior to the opening of that plant for the fall campaign, which will begin about Sept. 25. All the present indications point toward a banner crop, and it is the opinion of Superintendent Gardner that the Lehi factory will have all the beets it can handle.

Conservative estimates place the Lehi crop at about 115,000 tons, and the Garland yield at 20,000 tons.

Reports from samples of sugar beets are very promising also, and if the weather continues favorable the quality of the beets will be better than last year, for the farmers have taken good care of their crops.

The only disappointment so far in the crop this year is that named where the drought, heat and white fly will cut down the crop about 50 per cent. The Utah-Idaho Sugar company therefore decided not to open the Nampa plant this season, but ship the beets grown in that vicinity to the nearest factory.

DIG CELEBRATION AT PARK CITY

Labor Day Observed in Befitting Style—List of Contest Winners.

(Special to The Herald-Republican.)
Park City, Sept. 6.—The Labor day celebration here today, under the auspices of the Miners' union No. 144, was successful in every respect. All mines, mills and business houses were closed and a large crowd of people were on the streets taking in the different sports.

At 9:30 the parade started, headed by Flag Bearer Harry Weist, city officers, Park City military band and school children. The parade formed at Miners' union hall, marched south on Main street and north on Park avenue to McDonald's blacksmith shop; thence on Main street to bandstand, immediately after the parade, children's races on Main street took place.

At 10:30 a grand concert in the bandstand by the Park City military band was held and a patriotic rally address was given by Rev. C. L. Martin of the Methodist church, his subject being "Labor." He illustrated what good the different unions had done in the past and what good they would do in the future. He urged that all unions hang together.

SPORTS OF ALL SORTS IN SANDY

Labor Day Is Celebrated With Many Entertaining Features.

(Special to The Herald-Republican.)
Sandy, Sept. 6.—Union labor had its inning here today on the occasion of the annual celebration of labor's feast. A program of varied events, appealing to both old and young, was successfully carried out.

In the afternoon the baseball game between the married men and the single men was won by the latter by the score of 7 to 2. The home crowd was on the ground and the game was a lively one.

The terms of the contest were to make a run of 100 yards, make the hit to the home plate and turn on the water. The first two to win, Murray won the first two trials, in 23.5 and 27.5 seconds, respectively, and was declared the winner.

Foot races and running and trotting races were pulled off on the main street of the town before large crowds. These events proved of great interest and much betting was in evidence.

Boxing events were pulled off at the opera house. The six-round preliminary between Billy Oleson of Sandy and Jack Oleson of Sandy was declared a draw by Referee Joe Clark.

The day's festivities closed with a dance in the evening at Social hall.

DIAMOND QUEEN ROCK.

(Special to The Herald-Republican.)

Eureka, Sept. 6.—Charles Parker came in this morning from the Diamond Queen property, in the south end of the district, and brought in some fine samples. The rock was taken at a point about three hundred feet in the tunnel, which was driven on the vein, clearly indicated by the surface croppings. The firm belief is that the vein is a permanent one and is a true fissure. The samples are a form of iron ore, which is rich in iron.

Hank Sibelin, who has the contract on the tunnel, has been instructed to drift both ways on the vein, north and south, to determine its extent.

Since the samples were brought to town there has been considerable interest manifested in the property and a lively demand for stock. It is good news, more especially as the stock is almost wholly owned in the district and by men of moderate means, to whom the strike means much.

ALL IS READY FOR THE OPENING OF SCHOOLS

(Special to The Herald-Republican.)
Ogden, Sept. 6.—Everything is in readiness, or as nearly so as possible, for the opening of the city's public schools for the school year 1909-10 tomorrow morning. A small army of bright and smiling children will turn their faces to school.

The supervisors, principals and teachers have been assigned to their different buildings and the school year 1909-10 tomorrow morning. A small army of bright and smiling children will turn their faces to school.

The supervisors, principals and teachers have been assigned to their different buildings and the school year 1909-10 tomorrow morning. A small army of bright and smiling children will turn their faces to school.

LABOR DAY IN EUREKA

Miners' Celebration Big Feature—Everybody Joins—Good Music Rendered.

(Special to The Herald-Republican.)
Eureka, Sept. 6.—Today's celebration under the auspices of the Eureka Miners' union No. 151 was a grand success. The proceedings started with the band turning out at early morning and marching through the principal streets. At 9:30 the different organizations fell in line and marched up Main street to Bridge street, to Leadville, Bow, to Church street and back to Main street.

In the following order: Eureka City band, John Church, president of the Miners' union and marshal of the day; Harry Garfield, carrying the Stars and Stripes; Goddies of Labor, Miss Rowena Bird, with Misses Bates Robinson and Russell as ladies of honor; ladies on horseback as guard, Car of State, Miners' union, with 300 men in line, Carpenters' union, local No. 654, Eureka branch of the Barbers' union, Eureka volunteer fire department, city officers.

Reports from samples of sugar beets are very promising also, and if the weather continues favorable the quality of the beets will be better than last year, for the farmers have taken good care of their crops.

DAY'S PROGRAM.

After the parade the following program was rendered at the Elks' pavilion:

Selection—Eureka City band.
Invocation—Rev. George A. Simpkins.
Chorus, "Home Love"—Glee club, Ed Bonner, leader.

Address by chairman—R. Adamson.
"Soldiers' Chorus"—Glee club.
Oration, "Labor"—Dr. E. J. Howell.
"America"—Glee club.

Selection—Eureka City band.
At 3 o'clock there was a free dance for the children and refreshments were served, which were greatly relished by the little ones. At 5 o'clock the sports for adults were pulled off, with the following program:

One hundred-yard dash, men—First prize, \$8; second prize, \$4. Contestants of this race were men belonging to labor unions and in good standing.

Seventy-five-yard dash, boys over 15 years and under 18 years of age—First prize, \$3; second prize, \$2; third prize, \$1.

Wheelbarrow race, men—First prize, \$3; second prize, \$2. Contestants in this race were union men not in arrears.

Fifty-yard dash, ladies—First prize, \$4; second prize, \$2.

Barrel race, ladies—First prize, \$5; second prize, \$3.

Nail-driving contest, ladies—First prize, \$5; second prize, \$3.

Wood sawing contest, ladies—First prize, \$5; second prize, \$3.

There followed a generous program of races and prizes for small boys and girls, and the evening was brought to a close with a grand ball at the Elks' pavilion, which was a splendid success.

The entire day was one of continued fun and jollity and was greatly enjoyed by the little folks, and the union is to be congratulated for its efficient work.

SPORTS OF ALL SORTS IN SANDY

Labor Day Is Celebrated With Many Entertaining Features.

(Special to The Herald-Republican.)
Sandy, Sept. 6.—Union labor had its inning here today on the occasion of the annual celebration of labor's feast. A program of varied events, appealing to both old and young, was successfully carried out.

In the afternoon the baseball game between the married men and the single men was won by the latter by the score of 7 to 2. The home crowd was on the ground and the game was a lively one.

ONE HORSE IS KILLED; RIG IS BADLY DAMAGED

A. J. Evan and S. L. Chipman Have Narrow Escape While Negotiating Washed-Out Road.

(Special to The Herald-Republican.)
Lehi, Sept. 6.—While going to Cedar Fort yesterday, A. J. Evan, S. L. Chipman and James H. Clark, first president of the Alpine stage, had a narrow escape from serious injury.

Owing to recent rains the roads were badly washed out, and in trying to round a sharp curve and turn on the water, the stage was wrecked and horses were over a fifteen-foot precipice, killing one of the horses and damaging the buggy.

Luckily the occupants were able to jump from the vehicle before it went over the embankment, but Mr. Evan is suffering from a wrenched back today, caused by overlying on one of the horses.

MONROE BREVITIES.

(Special to The Herald-Republican.)
Monroe, Sept. 6.—The Sevier river is higher than at any time in the last 25 years. At times above Marysville and in Elute county are gone and the people of Elsinore are piling weights on the one there to keep it down. A bridge between Annabella and Richfield is expected to go.

Jacob Gottfredson has taken charge of the Hot Springs for the new company, and work will commence on a bath pool at once. The mineral point that is so plentiful at the springs will be developed.

Mrs. Ellen Baldwin, wife of James H. Baldwin, died Saturday morning. She had been ill some time. She leaves three young children.

Elders James Brown and Jacob Magleby returned to the mission from the mission field. Mr. Brown had been in Denmark, while Mr. Magleby labored in California.

Hamlin paints. Need any signs?

THE OGDEN FOUR-STATE FAIR.

Drop into Hewlett's Booth and have a free cup of the finest tea that can be made. Hewlett's young ladies will be pleased to serve you.

BOISE EXCITED OVER ELECTION

Bitterness Marks Close of the Local Option Campaign in Idaho City.

(Special to The Herald-Republican.)
Boise, Sept. 6.—Never in the history of Boise has such bitterness been engendered over an issue as is displayed in connection with the local option campaign, which will close tomorrow night. No political contest has even approximated it in intensity of feeling. In a general way the business men are lined up against the churches, with the exception of the Catholic, which has taken no active part. Politicians on both sides, looking to the future, have sought to lead the tide to the boiling of the pot. Meetings have been held nightly in the open air and in public places and the streets in the daytime until the city has been worked into a perfect frenzy and discussions of a most acute nature have arisen in domestic and fraternal circles. Building plans have been abandoned and no business ventures will be undertaken until the result is known.

If the county goes wet it is announced that building plans involving the expenditure of large sums of money will be abandoned. In this connection an interesting condition has arisen. Nampa and Caldwell, in Canyon county, which recently went dry, are not taking so deeply interested in having this county go the same way in order that the growth of many new towns may be retarded. Several leading wets in those towns are understood to be aiding the drys here. Governor Brady is in the fight for the drys over his ears, which has caused the wets among the Democrats and anti-Brady Republicans to redouble their efforts. It is felt here that a victory for the drys would cause a material rise in Brady stock over the state. So far Senator Barlow has not taken a hand in the contest, although it is known he favors prohibition.

The indications are that Boise will go wet, but that the country precincts will go heavily dry. The chairman of the wets claims the city by at least 1,200 animals, counting majority of the drys of 60, which would give the wets 60 majority in the county. The drys claim the county by a majority of 100.

The conservative view is that the county will go dry by a small majority.

SCANDINAVIANS IN CONFERENCE

Three Meetings at Richfield Which Are Largely Attended—Band of Music.

(Special to The Herald-Republican.)
Richfield, Sept. 6.—The Scandinavian conference in session here held three meetings, which were well attended. The stake tabernacle was the site of the first two of the meetings yesterday. At the morning meeting the speakers were C. C. A. Christensen of Ephraim, C. C. Larsen of Lehi and A. Dorius Stevenson of Ephraim, three of the first members of the Mormon faith from Scandinavia. Hans Jensen of Mandi, O. J. Berg of Provo, and the editor of Correspondent, the Swedish paper published at Salt Lake.

At the afternoon session President Segmiller of this stake, A. H. Lund and John M. Sjoholm were the speakers. At special meetings held in the evening the addresses were delivered in English, while at the other sessions the speakers all talked in their native tongue. At night R. D. Young, J. S. Horne, President A. H. Lund and President Lund of the North Sanpete stake were the speakers.

All these sessions the Scandinavian choir under the direction of Fred Fieldstead furnished excellent music in the morning tongue.

The band composed of players from over the county, under the direction of an excellent concert on the tabernacle lawn at 6 o'clock last evening. The visitors crowded the grounds and streets, and the music furnished was excellent. The program consisted of spirited marches and three operatic selections. The band was under the direction of John Heid.

OLD RESIDENT IS BURIED

Mrs. Angeta Benson, 84 Years of Age, Had Lived in Ephraim for Many Years.

(Special to The Herald-Republican.)
Ephraim, Sept. 6.—Mrs. Angeta Benson, an aged resident of this city, passed away at her home after an illness of only a few days. She was the wife of Nels Benson, who died in this city sixteen years ago. She was born in Denmark, eighty-four years of age when she was about 35 years of age she embraced the Mormon faith and shortly afterwards emigrated to Utah, which had since been her home.

For several years she made her home in Salt Lake, then coming to Ephraim, where she married Nels Benson, who was one of Ephraim's honest and industrious men. During the last few years she was a wife dying and leaving him with a son, who still lives.

Funeral services were held at the meeting house, where many relatives and friends were in attendance. The services were conducted by Bishop John S. Beal, and the tabernacle choir furnished the music under the direction of Professor Frank A. Christensen. The speakers were Mrs. A. C. Nelson, who had since been her home.

For several years she made her home in Salt Lake, then coming to Ephraim, where she married Nels Benson, who was one of Ephraim's honest and industrious men. During the last few years she was a wife dying and leaving him with a son, who still lives.

MINERS' UNION ELECTION

Result of Voting at Park City Several Days Ago Is Announced—List of Officers Given.

(Special to The Herald-Republican.)
Park City, Sept. 6.—Announcements of the election of last Saturday of officers for the ensuing six months of Miners' union No. 154, Park City. The officers are as follows:

President—John Edstrom.
Vice-president—Ted Prudence.
Recording secretary—James G. Watson.
Financial secretary—J. P. Shea.
Treasurer—A. Hooper.

Finance committee—Harry Franz, Thomas McCordich.
J. P. Shea and W. T. Quinn were elected delegates to the annual convention to be held in Salt Lake in October.

KAYSVILLE SCHOOL TO BE OPEN EIGHT MONTHS

(Special to The Herald-Republican.)
Kaysville, Sept. 6.—At a recent meeting of the Kaysville school board, it was decided to run the district schools of Davis county eight months this year, and to start them on Sept. 1. The board also decided to have the school buildings properly cleaned and fixed up ready for the opening of school. He also spoke on the proper care of school buildings, furniture, books, etc.

BLACKHAWK VETERAN HAS GONE TO HIS REST

(Special to The Herald-Republican.)
St. John, Sept. 6.—Alonso Nay of St. John died last Saturday. He had been suffering from dropsy of the heart for the last fourteen months. Funeral services were held in the St. John meet-

ing house yesterday afternoon at 2 o'clock. Appropriate music was furnished by the St. John choir, which was augmented by a portion of the "clover choir."

The speakers were John G. Ahlstrom, Newton Pland, and M. M. Stookley, Commander Nay was a Blackhawk war veteran. He was born in New Hampshire, Nov. 23, 1835. He is survived by a widow, a large family of children, and grandchildren and great-grandchildren.

LEHI BUILDING BOOM.

(Special to The Herald-Republican.)
Lehi, Sept. 6.—The building boom which is on in Lehi has also struck as far south as Lehi. Many new residences are in the course of construction. Four elegant homes, those of H. H. Hanger, Chris. Knudsen, Mrs. Clara Goates and Mrs. Annie Goates, receive finishing touches this week.
